# You're in control of your health records.

When you register for a visit at Sinai Chicago, we automatically create an account for you to access your patient records and medical history at [MySinaiHealth.org](https://MySinaiHealth.org).

You let us know your preferred contact method, and that's how we'll communicate with you as your partner for good health.

**To log in, use the temporary username and password provided by us to access your account. No pin required.**

Once inside, customize your username and password to something memorable and personal. Use your account to quickly access your after-visit summaries, review your medical history and current medications, and to contact your provider.

Visit our online patient portal today!

Already using [MySinaiHealth.org](https://MySinaiHealth.org)?

Fantastic! There are no changes you need to make.

# At Sinai Chicago, offering patients access to their health records is automatic.

When you register for a visit at Sinai Chicago, we automatically create an account for you to access your patient records and medical history at [MySinaiHealth.org](https://MySinaiHealth.org).

We're here to make managing your health easier by making our portal as convenient as possible. Sinai Chicago patients are now auto-enrolled, no more cumbersome PINs required.

## We put patients in control of their health records.

You decide how you want to be reached—through text or email—and that's how we'll communicate with you as your partner for good health. With automatic reminders, you'll know immediately when new information becomes available.

We don't force you to remember usernames that mean nothing to you. Create your own username and secure password that are memorable, and you'll never be frustrated accessing your account.

### Get connected today.

Let us know if you prefer to be contacted via email or text. We will send a temporary username and password so you can access your account. Once you're logged in, you can easily customize your username and password.

### Current portal members are all set.

If you've already set up a username and password, there is no further action required. You can keep on using the portal. Thank you for being engaged in your health.

## Frequently Asked Questions

### Do I need special equipment to access the patient portal?

No, all you need to access the patient portal is an internet connection. You can login on a mobile device, tablet, or computer.

### Why can't I see all the information in my records?

Currently, only certain medical information is available on the patient portal.

### What if I want access to records that are not on the portal?

To request copies of medical records, please email [ROI@sinai.org](mailto:ROI@sinai.org)

### What if I can't remember my password?

You can go to [MySinaiHealth.org](https://MySinaiHealth.org) and click "Forgot Password". Enter your username and email address to receive an email with instructions on how to reset your password.

### What if some of my information is wrong? How do I correct this?

If you notice an error in your personal information or medical history, please click on the "Manage My Account" button to notify us.

Or, reach us at [patient.portal@sinai.org](mailto:patient.portal@sinai.org)
